"Total Energy"

All that I'm asking you is give me total energy,
And we can go from here until eternity.

You might say you simply haven't got the time,
Why don't you stop handing me that same old line.

I'm gonna take you to places where you've never been,
Where there's no limit to what you think that you can be.

Everything is possible nothing is impossible,
All you got to do is see that there is nothing new.

Don't be afraid to show your feelings,
The answer to living is to see how you're giving.

The objective is to choreograph an exquisite and captivating contemporary ballet to the music album: 'Only love matters'. The aim is to inspire a beautiful, powerful heartfelt experience for the audience, connecting them to their innate inner spirit and intuitive knowing of our united consciousness.

The intention is to capture the essence of creative expression via the inner inspired impulse of dance and music.

It is intended to use the specific titles of the music tracks and their associated sub-titles as an inspirational starting-point for each of the choreographed dance pieces.

The ballet will also use two 'Meditations' and their associated 'Insights' from the book, 'Soft Diamond Light, Only love matters', plus the theme poem for Soft Diamond Light, 'Jewel of the Lotus' as a source of inspiration for the choreography.

Jewel in the Lotus

Anatole Petrovich Kononewsky

A Poem by Anatole Petrovich Kononewsky, 19 September 2007

Om Mani Padme Hum

Jewel in the Lotus

A lotus jewel rests in the
womb of our being – a diamond waiting
with its pulsating power of inner light.

The rays of the blazing sun
ignite this jewel – its fire explodes
with a magnificent radiance.

It reveals a secret silent stillness,
reflecting a sublime softness of light,
sending its rays out to eternity and back,
where only love matters.

Ancient Power of Sound (Mantrika Shakti)

Everything Comes into Physical Reality via Sound.

In esoteric tradition and understanding, every seed in nature creates a "unique note" when it germinates! This "etheric note" is its specific sound signature that embodies what it can and does become. This intelligence within nature creates a glorious symphony of inner sound forming the source of all manifestation. There is a body of ancient teaching and wisdom called Mantrika or Matrika Shakti. The force or power of letters, speech, or music. It is the creative power inherent in sound -- every sound being a vibration, and every vibration having its own numerical keynote.

Consider that every creative act, especially your business, is manifested via the use of sound -- selling/ marketing/ PR/ Planning is all about this! Essentially, speech gives form and expression to emotion: an idea animated with an direction.

But the inner truth is far more profound and powerful in its implications and applications!
